STATINTL

FROM : [REDACTED]
Deputy Director of Personnel Policy,
Planning, and Management

SUBJECT : Draft of the Intelligence Authorization Bill for
Fiscal Year 1982

REFERENCE : OLC Memorandum 80-2134/1 of 15 December 1980

We have reviewed the draft of the proposed Intelligence Authorization Act for Fiscal Year 1982 and the accompanying Sectional Analysis and Explanation and we strongly endorse them. None of the provisions of the proposed Act would have any adverse impact upon the personnel policies and practices of this Agency. We do, however, question the constitutional validity of Section 803(c)'s denial of judiciary access to an employee punished as a result of an alleged unauthorized disclosure.
